

 Outstanding in the field

## Who We Are

**Outstanding in the Field is a roving restaurant without walls reconnecting diners to the land and the origins of their food. We create beautiful, shared experiences by inviting guests to join together at the long table in the field where their food comes from – sharing stories and breaking bread together.**

### Where It Began

**Starting in Northern California in 1999, we have set the iconic long table at farms or gardens, on mountaintops or in sea caves, on islands or at ranches.**

## Our Impact

**We have set over 1,200 tables, with more than 700 chefs serving 130,000 people in all 50 states and 18 countries around the world.**

## Collaborations

**We are proud of our history of cultivating meaningful relationships with whom we collaborate.**

We honor and elevate every partner who joins us by telling their stories and creating an experience that makes a lasting impression on those at the table. For farmers, makers, and chefs, sitting at the table amongst a group of engaged and interested guests creates an authentic and invaluable connection with a new audience that is hard to find elsewhere.

## Vision Statement

**We curate experiences rooted in nature – honoring and celebrating those in our communities whose cooking, cultivation, and crafting nourish our bodies and enhance our lives. We foster in-person connections between strangers, sparked by conversations of the origins of our food, clothes and culture. We exist with the intent to encourage communal growth through collaboration, creativity and discovery.**

Brand Values

- 01 Hospitality, first.**
- 02 Remain curious.**
- 03 Origin matters.**
- 04 Collaboration of community.**
- 05 Respect Nature.**
- 06 Celebrate, for celebration's sake.**
- 07 Expect the unexpected.**
